The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

ARTISTS DESIGNERS ENGRAVERS

about "The House
of Ideas"

For an engraving business to grow to national proportions demands two essentials--a plant capable of successfully meeting any engraving requirement, and an organization skilful enough to produce a distinctly superior class of work.

The Stafford Engraving Company has both--as the steady growth of our business will amply testify. By careful elimination we have assembled a splendid staff of artists and engravers--each a master in the particular field in which he works. We have spared no expense to equip for them a workshop adequate for the exercise and development of their artistic and mechanical skill.

As a result, we are prepared to produce and are producing illustrations and engravings of the highest quality, and through the regular channels of our business we are serving some of the most particular buyers in every line of business, and in all parts of the country.

Our creative work for hundreds of customers is daily bringing a broader and deeper realization of our right to the title of "The House of Ideas."

Why not see color plates?

Comparative tests have proven that the use of color may often make an illustration ten times more effective—and they are not necessarily expensive. The illustration above will give you some idea of the wonderful effects that may be secured with some subjects in only two-color reproduction. The tennis girl on the first page shows the possibilities with four-color plates. Whether it be for two, three or four color printing, Stafford plates will give you distinctly superior results.

Copper plate engraving and steel die embossing

While the form and style for the different classes of copper plate engraving and steel die embossing are more or less established by general usage, yet often it is possible to give certain touches of individuality to this character of work without a radical variation from accepted forms.

Specialization in the development of ideas that give individuality to our work, combined with the quality of the work itself, and the careful attention to our customer's desires, has built up for us a big department devoted exclusively to copper and steel plate and die engraving, printing and embossing.

You will appreciate Stafford Quality and Service in *social and business cards*, in *wedding and reception invitations and announcements*, in *birth or death announcements*, in *business announcements* of any character, in *High School, College or University commencement invitations*, and in stationery for *fraternity, sorority, personal or business use*. We will be glad to submit samples and prices.

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.
